(3) Select theme and templates and theme which ever you want to apply .

(2)

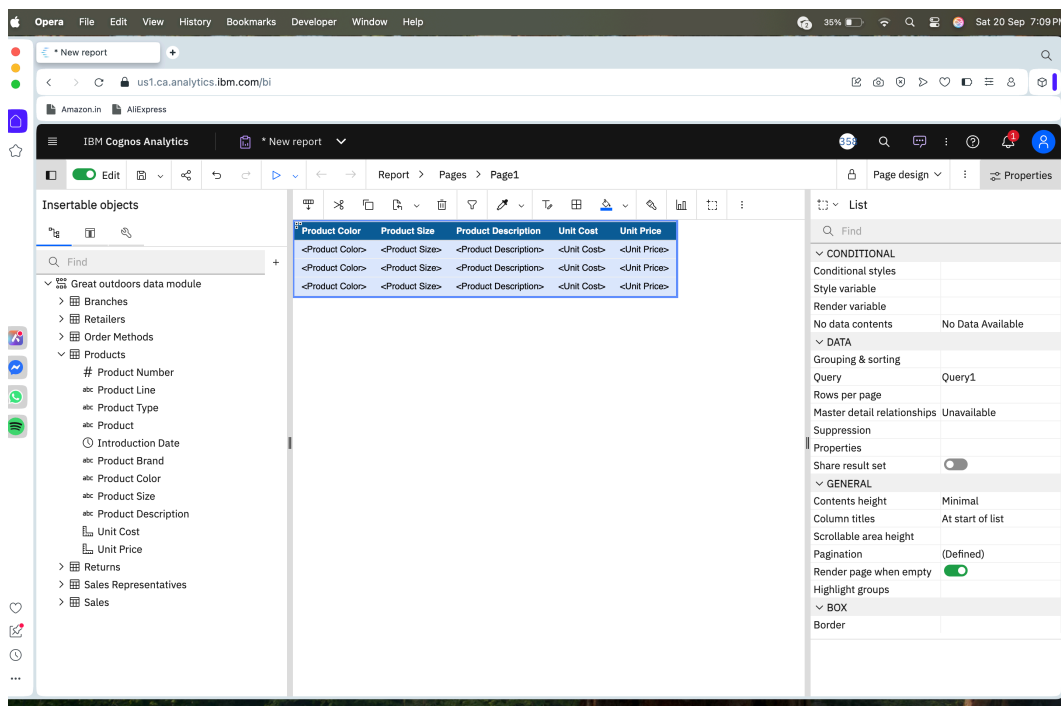

Practical-1

(4) Select the source for importing data into the report, and select the list type widget to present the data in the form of report.

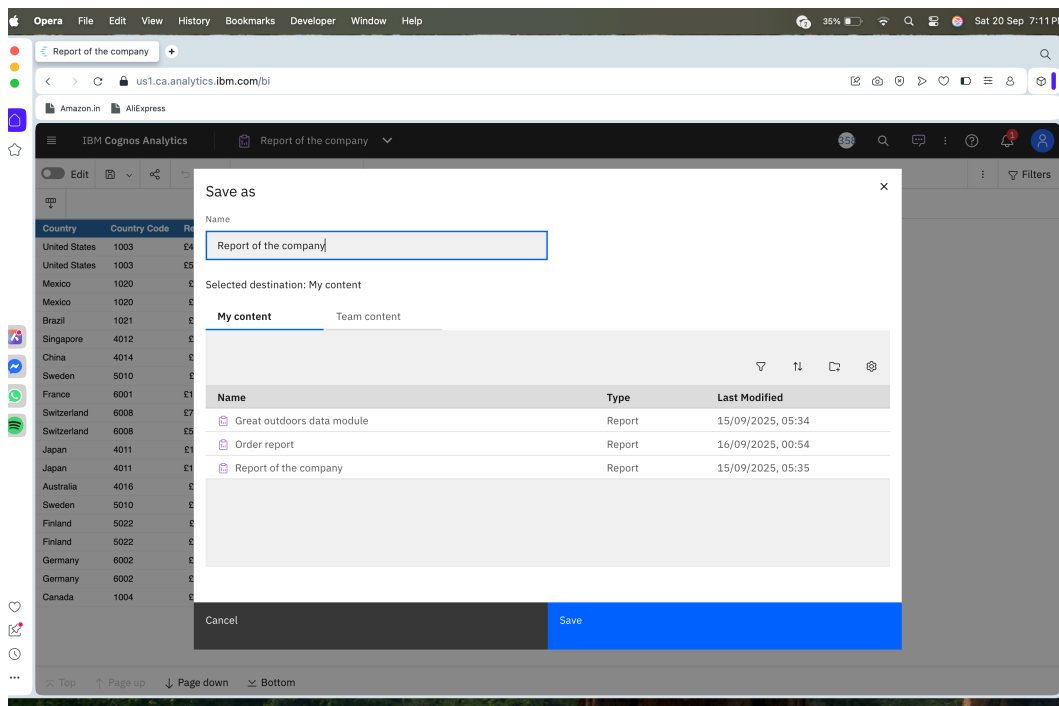

(5) Now drag and drop the required data from the left corner into the list type widget to create the report and then color it if required.

Practical-1

(6) After the report is ready, save it for the future use.

(7) If you want to run the report then click on the button (Run As) Available on the top of the screen.

The screenshot shows the IBM Cognos Analytics interface. The 'Run As' button is visible in the top right corner of the report area. The report is titled 'Report of the company' and displays a table of data. The table has columns: Country, Country Code, Revenue, Gross Profit, Unit Price, Unit Cost, and Year. The data is filtered by 'Country' and 'Year'.

Country	Country Code	Revenue	Gross Profit	Unit Price	Unit Cost	Year
United States	1003	\$443,339,897.28	£175,417,902.60	£180.62	£1,779,936.60	2015
